INDEPENDENT AUDITOR'S REPORT

To the Executive Committee of the Board of Directors Tiger Athletic Foundation

We have audited the accompanying statements of financial position of Tiger Athletic Foundation (a nonprofit organization) as of December 31, 2011 and 2010, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of Tiger Athletic Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tiger Athletic Foundation as of December 31, 2011 and 2010 and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Nature of Activities

Tiger Athletic Foundation (TAF or the Foundation) was organized on May 17, 1983, under the name The LSU Tigers Unlimited Corporation, as a nonprofit corporation under Louisiana R.S. 12:201 (7). The corporation's name was changed to Tiger Athletic Foundation on April 17, 1987.

The Foundation's primary objective is to encourage support and raise funds for the Louisiana State University and Agricultural and Mechanical College (LSU) located in Baton Rouge, Louisiana and its intercollegiate athletic program. Funds attracted by this private, nonprofit corporation are primarily used to defray the cost of scholarships of more than 450 student athletes, to help maintain and improve LSU athletic facilities, and to retire present indebtedness. The Foundation is governed by a board of directors who are elected from the membership.

The Foundation is required to comply with the provisions set forth in the Uniform Affiliation Agreement entered into with LSU on July 1, 2009.

Net Assets

The Foundation reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted. Unrestricted net assets include those net assets whose use by the Foundation is not restricted by donors, even though their use may be limited in other respects, such as by contract or board designation. Temporarily restricted net assets are those net assets whose use by the Foundation has been limited by donors (a) to later periods of time or other specific dates, or (b) to specified purposes. Permanently restricted net assets are those net assets received with donor-imposed restrictions limiting the Foundation's use of the asset.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, the Foundation considers all unrestricted highly liquid investments with an original maturity of three months or less, and whose use is not limited, to be cash equivalents.

Investments

Marketable securities that have a readily determinable fair value and all investments in debt securities are classified as either held-to-maturity or available-for-sale. The classification of a debt security as held-to-maturity is based on management's positive intent and the Foundation's ability to hold such security to maturity. Securities held to maturity are stated at cost adjusted for amortization of premiums and accretion of discounts in the statement of financial position. Securities classified as available-for-sale are reported at fair value in the statement of financial position and unrealized gains and losses are included in the change in net assets in the statement of activities.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (continued)

Investment Income and Gains

Investment income and gains restricted by donors are reported as increases in unrestricted net assets if the restrictions are met (either a stipulated time period ends or a purpose restriction is accomplished) in the reporting period in which the income and gains are recognized.

Unconditional Promises to Give

Contributions that are expected to be collected within one year are recorded at net realizable value. Contributions that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. Changes to the estimate of the present value of the contributions will be reported in the period the changes are made. The Foundation establishes an allowance for unfulfilled pledges based on a specific analysis of the remaining contribution balance due for contributions that were not made in accordance with the donor's pledged timeline. Decreases in temporarily and permanently restricted contributions because of changes in the amounts of assets expected to be received are recorded as a loss and are reported within expenses on the statement of activities.

Property and Equipment

The purchase of property and equipment is recorded at cost. Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as temporarily or permanently restricted revenue. It is TAF's policy to capitalize all fixed asset purchases greater than \$1,000. Property and equipment is depreciated using the straight-line method over estimated useful lives of 5 to 50 years.

Construction in progress and other additions are stated at cost and represent costs of construction. During the construction period, interest will be capitalized on all qualifying expenditures.

Assets Held for Donation to LSU

Assets held for donation to LSU consist of various capital projects and athletic facility improvements that, upon completion, will be donated to LSU. These assets are not used in the operations of TAF and are, therefore, not included within property and equipment.

Impairment of Long-Lived Assets

The Foundation reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. In the event that the undiscounted cash flows resulting from the use of the asset group is less than the carrying amount, an impairment loss equal to the excess of the asset's carrying amount over its fair value is recorded. The Foundation did not record any impairment loss during the years ended December 31, 2011 and 2010.

Other Assets

Other assets include deferred financing costs, associated with the Revenue Bonds Series 2004, which are being amortized over the 30 year life of the bond agreement. Amortization of the costs is recorded as a component of interest expense. These costs totaled \$1,193,794 and are presented net of accumulated amortization of \$308,388 and \$268,596, as of December 31, 2011 and 2010, respectively. Also included in other assets, is \$4,200,000 of financing costs associated with the construction of the new Alex Box baseball stadium. These costs are presented net of accumulated amortization of \$408,333 and \$268,333, as of December 31, 2011 and 2010, respectively. These costs will be amortized over the life of the stadium and will be offset by the revenue that the Foundation will be receiving from their rights to certain seating in the stadium's suites.

Amounts Held in Custody for Others

The amounts held in custody for others represent the coaches' escrow accounts and affiliated chapters' accounts, which were established as a custodial fund at the request of LSU, accounts held for the LSU Athletics Department, as well as other small miscellaneous agency accounts. The coaches' escrow accounts and affiliated chapters' accounts were created in order for TAF to act as a nonaffiliated party in overseeing the revenue generated by the coaches and affiliated booster club chapters of LSU and to provide institutional control as required by NCAA rules. The amounts held for the LSU Athletic Department are to fund special projects, as needed, and to establish maintenance reserve accounts for newly constructed LSU Athletic Facilities as required by the Board of Regents Policy. The Foundation has included the \$7,507,889 and \$7,836,526 of amounts held in custody for others as restricted cash within current assets as of December 31, 2011 and 2010, respectively. This amount is offset by a current liability in the same amount.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted depending on the existence or nature of any donor restrictions.

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted contributions are recognized as changes in unrestricted net assets.

Functional Expenses

Functional expenses are allocated between program services and supporting activities, which include fundraising, and general and administrative activities. General and administrative expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Foundation.

Donated Services

During the years ended December 31, 2011 and 2010, the value of contributed services meeting the requirements for recognition in the financial statements was not considered material and has not been recorded.

Scoreboards

The Foundation owns scoreboards and related equipment installed at various athletic venues on the LSU campus. Contract revenues associated with these scoreboards are more fully described in Note 11.

Rents - LSU and University Club

In 1999, the Foundation issued \$43,575,000 in revenue bonds for the purpose of financing or reimbursing a portion of the cost of certain improvements and renovations to the East Side Upper Deck (ESUD) of Tiger Stadium at LSU. The bond agreement stipulates that LSU shall pay \$2,000,000 to the Foundation as annual rent for the facilities.

In 2004, the Foundation issued \$90,000,000 in revenue bonds, for the purpose of financing or reimbursing a portion of the cost of certain improvements and renovations to the West Side Upper Deck (WSUD) at LSU's Tiger Stadium, construction of a football operations center and miscellaneous improvements to Tiger Stadium. The bond agreement stipulates that LSU shall pay \$2,500,000 to the Foundation as annual rent for these facilities.

The Foundation maintains a lease and license agreement with The University Club of Baton Rouge, L.L.C., as the tenant of the lease. The Foundation receives monthly payments equal to 6% of the prior month's gross revenues plus an annual fee per member.

Reclassifications

Certain accounts relating to the prior year have been restated to conform to current year's presentation. The reclassifications have no effect on net income.

Tax Status

The Foundation is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has been designated as an organization that is not a private foundation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (continued)

Fair Values of Financial Instruments

The carrying values of the Foundation's financial instruments including current assets and current liabilities approximate fair value.

In 2008, the Foundation adopted the provisions of the *Fair Value Measurements* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Under the *Fair Value Measurements* Topic of the FASB ASC, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Fair Value Measurements Topic of the FASB ASC establishes a fair value hierarchy for inputs used in measuring fair market value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities as of the reporting date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, as of the reporting date.

Level 3 - Valuations based on inputs that are unobservable and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement (see Note 12).

The Foundation's measurements of fair value are made on a recurring basis, and their valuation techniques for assets and liabilities recorded at fair value are as follows:

Investments securities - The fair value of investment securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs due to the limited market activity of the investment.

Unconditional promises to give - The fair value of contributions is equal to the carrying value for contributions expected to be collected within one year. Contributions expected to be collected in future periods are discounted to present value based on management's assumptions.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (continued)

Fair Values of Financial Instruments (continued)

Interest rate swap - The fair value of the Foundation's interest rate swap is the estimated amount the Foundation would pay to terminate these agreements at the reporting date, taking into account current interest rates and creditworthiness of the counterparty and the Foundation.

2. Concentration of Credit Risk for Cash Held in Bank

The Tiger Athletic Foundation periodically maintains cash in bank accounts in excess of insured limits. The Foundation has not experienced any losses and does not believe that significant credit risk exists as a result of this practice.

3. Restricted Cash and Cash Equivalents

Restricted cash and cash equivalents are available for the following purposes:

	Dec	ember 31, 2011	Dec	2010

NOTES TO FINANCIAL STATEMENTS

4. <u>Investments</u> (continued)

The Foundation's investment in debt securities, held-to-maturity have been in an unrealized loss position for a period of less than twelve months. The unrealized losses were caused by interest rate increases. Because the decline in market value is attributable to changes in interest rates and not credit quality, and because the Foundation has the ability and intent to hold these investments until a recovery of fair value, which may be at maturity, the Foundation does not consider these investments to be other-than-temporarily impaired at December 31, 2011.

Available-for-sale investments include investments with the LSU Foundation investment pool, which consists primarily of equity funds, corporate bonds, collateralized mortgage obligations, and government agency securities and are stated at fair value. The investments are classified as noncurrent due to being restricted as of December 31, 2011 and 2010.

Investment return is summarized as follows:		<u>2010</u>			
Interest and dividend income Net realized and unrealized (loss) gains	\$	526,663 (580,527)	\$ 391,944 344,299		
Total investment return	\$	(53,864)	\$ 736,243		

Included in interest and dividend income, above, is unrestricted income derived from interest bearing cash accounts and certificates of deposits, which are classified as cash for reporting purposes.

8. Bonds Payable

A summary of the Foundation's bonds payable is as follows:

	D	 December 31, 2010	
Revenue Bonds Series 1999 Revenue Bonds Series 2004	\$	40,560,000 79,725,000	\$ 42,100,000 81,675,000
	\$	120,285,000	\$ 123,775,000

Revenue Bonds Series 1999 consist of debt issued by Tiger Athletic Foundation primarily for the purpose of certain improvements and renovations to the East Side Upper Deck of Tiger Stadium at LSU. Revenue derived from the sale of certain tickets for the East Side Upper Deck are pledged for the payment of the debt service. Bond indentures contain requirements for annual debt service and flow for funds through various restricted accounts. The bonds have a floating interest rate that is established through weekly remarketing. Effective November 2009, the bonds were reissued as a single fully registered bond without coupons and shall mature September 2033.

Effective April 1, 2003, the Foundation entered into an interest rate swap agreement with Morgan Stanley Capital Services, Inc. (MSCS), which expires September 1, 2028, to hedge its interest rate exposure on the Series 1999 revenue bonds. The agreement covers 100% of the outstanding principal balance over the life of the bonds and effectively fixes the interest rate to the Foundation at 4.01%. The floating rate payor is MSCS and the fixed rate payor is the Foundation. The floating rate is based on the SIFMA Index, formally referred to as the BMA Municipal Swap Index, as defined in the agreement.

NOTES TO FINANCIAL STATEMENTS

8. Bonds Payable (continued)

The Foundation accounts for the interest rate swap as a fair value hedge as directed by the *Accounting for Derivative Instruments and Hedging Activities* Topic of the FASB ASC. Since the Foundation does not report earnings as a separate caption in a statement of financial performance, both the swap agreement and the hedged item, the Series 1999 Bonds, are accounted for at fair value with the change in fair value reported as a change in net assets.

The fair market value of the swap agreement and the hedged item as of December 31, 2011 and 2010 was a liability of approximately \$7,734,000 and \$4,094,000, respectively, which represents a change from the prior year of \$(3,640,113) in 2011 and \$(623,373) in 2010, which is presented as a change of net assets on the statements of activities.

In March 2004, the Foundation issued Revenue Bonds Series 2004 for a principal amount of \$90,000,000. The proceeds of the loan are being used to finance or reimburse a portion of the costs of the acquisition and construction of certain improvements and renovations to Tiger Stadium and a football operations center at LSU, including funding the interest and costs associated with the project. The bonds are secured by the pledged revenues on parity with the Series 1999. The bonds have a floating interest rate based on the SIFMA Index. Annual payments began on September 1, 2005, and will continue through September 1, 2034.

On March 15, 2007, an amendment was made to the original loan agreement which waived the principal payment due on September 1, 2007, and extended the payment schedule an additional year, through 2034, with the intent that the 2007 principal payment will be paid on September 1, 2034. Effective November 2009, the bonds were reissued as a single fully registered bond without coupons and shall mature September 2039.

Under the provisions of the above revenue bond agreements, the Foundation is required to maintain a minimum debt service coverage ratio. The Foundation was in compliance with its debt service coverage calculation loan covenant at December 31, 2011 and 2010.

The debt service requirements on the bonds payable are as follows:

		Bonds
]	Payable
2012	\$	3,660,000
2013		3,840,000
2014		4,025,000

Total	\$	120,285,000

NOTES TO FINANCIAL STATEMENTS

8. **Bonds Payable** (continued)

The Revenue Bonds Series 1999 and Series 2004 are subject to a remarketing agreement whereby the Foundation obtained a remarketing agent which shall offer for sale and use its best efforts to find purchasers for all bonds or portions thereof for which notice of tender has been received at a price equal to the principal amount thereof plus accrued interest to the purchase date. To provide for the payment of the bonds, in the event a purchaser is not found for the full amount of the outstanding bonds or default, the Foundation entered into letter of credit agreements with Regions. During 2009, the Foundation replaced the letter of credit agreement with Regions with a substitute letter of credit issued by Capital One. The Capital One Bank Letter of Credit is confirmed by a Federal Home Loan Bank Letter of Credit. Annual fees for the letter of credit are 200 bps per annum payable annually in advance for the underlying Letter of Credit. The Federal Home Loan Bank will in turn charge approximately 20bps for the confirmation which will be passed on to the Foundation. Risk participations will be sold to the participant banks for 190 bps with the difference accruing to Capital One. There were no outstanding amounts under the letter of credit at December 31, 2011 and 2010.

9. Commitments and Contingencies

The Foundation is subject to certain legal proceedings and claims that arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position of the Foundation.

10. Retirement Savings Plan

The Foundation established a 401(k) plan (the Plan) effective February 1, 2002, to replace an existing Section 403(b) tax shelter annuity plan. The Plan covers all employees who complete applications to participate in the Plan and agree to the terms of the Plan. The Foundation amended and restated the Plan effective April 22, 2010 and September 16, 2010.

Under the Plan, the Foundation will make matching contributions in an amount equal to the sum of 100 percent of the participants' elective deferrals that do not exceed 6 percent of the participants' compensation as an Employer Safe Harbor Matching Contribution. In addition, the Foundation shall contribute an amount equal to the sum of 1.5 percent of the participants' annual compensation as an Employer Discretionary Contribution. Employees are vested in the Employer Safe Harbor Matching Contributions at a rate of 20 percent per year after first having reached one year of service, as defined. Employees are 100 percent vested in the Employer Discretionary Contribution after reaching one year of service, as defined.

The Foundation made matching contributions of approximately \$141,000 and \$116,000, for the years ended December 31, 2011 and 2010, respectively.

NOTES TO FINANCIAL STATEMENTS

11. Scoreboard Sponsorships

In 1999, the Foundation entered into a Cooperative Endeavor Agreement with LSU that obligated the Foundation to acquire, construct and maintain new scoreboards in LSU athletic venues at a total cost of approximately \$5.2 million. In return for its fulfillment of this obligation, the Foundation was given an eight year license to solicit certain qualified corporate sponsorship contracts. In connection with its issuance of the Series 2004 Revenue Bonds, LSU extended the Foundation's rights to solicit qualified corporate sponsorship contracts for a period of approximately 35 years. Effective July 1, 2005, the Foundation, with approval of LSU, entered into a ten year lease agreement with Viacom Outdoor Advertising, Inc., d/b/a LSU Sports Properties, whereby the Foundation leased its rights to the scoreboards to Viacom in return for an annual guaranteed rental payment. The rent payment, which was \$1.4 million in year one and year two, and will increase by \$25,000 annually each year during the life of the lease agreement, is due in two equal installments payable in July and October of each year. In November of 2010, this lease agreement was amended. The amendment extends the agreement for a period of one year, through June 30, 2016, and increases the compensation paid to the Foundation by \$500,000 annually, Additionally, under this amendment, the Foundation will be requested to expend an additional \$3-5 million over the next three years to construct, install, upgrade, maintain, service and replace scoreboards.

12. Fair Value Measurements

The Foundation's assets and liabilities recorded at fair value have been categorized based upon a fair value hierarchy in accordance with the *Fair Value Measurements* Topic of the FASB ASC. See Note 1 for a description of the Foundation's policies and valuation techniques.

The valuation of the Foundation's assets and liabilities measured at fair value on a recurring basis at December 31, 2011 are as follows:

12. Fair Value Measurements (continued)

The changes in investments and unconditional promises to give measured at fair value for which the Foundation has used Level 3 inputs to determine fair value are as follows:

13. Endowment Composition

The State of Louisiana enacted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) effective August 15, 2010, the provisions of which apply to endowment funds existing on or established after that date. The Board of Directors has determined that the majority of the Foundation's permanently restricted net assets meet the definition of endowment funds under UPMIFA. Based on the Foundation's interpretation of UPMIFA, the Foundation has reviewed all of its endowment funds and has reclassified approximately \$1,358,588 from unrestricted net assets to temporarily restricted net assets as of December 31, 2010.

The Foundation's endowment includes donor-restricted funds established for a variety of purposes. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Foundation has interpreted the State of Louisiana's UPMIFA as requiring the preservation of the fair value of the original gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed in UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donorrestricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation, and (7) the Foundation's investment policies.

Endowment Investment and Spending Policies - The Foundation's investment policy is that all endowed funds will be maintained and managed by LSU Foundation within their investment pool and in accordance with their investment policies. LSU Foundation has established prudent investment and spending policies with the objective of maintaining the purchase power of its endowed assets in perpetuity and to provide a stable level of support to the beneficiaries. To achieve this objective, the LSU Foundation's asset allocation strategy is reviewed periodically and adjusted to target a total return that covers inflation, administrative expenses, and spending allocations, while minimizing volatility. The Foundation, in the absence of specific donor intent and through its acceptance of the LSU Foundation investment policies, reinvests the first 5% of investment return into the donor's endowment. Only that portion of investment return that exceeds 5% is deemed eligible for expenditure through appropriation.

14. Subsequent Events

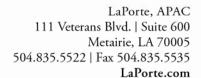

Management has evaluated subsequent events through the date that the financial statements were available to be issued March 16, 2012, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

15. Uncertain Tax Position

For the year ended December 31, 2009, the Foundation adopted the provisions of the *Accounting* for *Uncertainty in Income Taxes* Topic of the FASB ASC (FIN 48). The implementation of FIN 48 had no impact on the entity's statement of financial position or statement of activities.

All tax returns have been appropriately filed by the Foundation. The Foundation recognizes interest and penalties, if any, related to unrecognized tax benefits in income tax expense. The Foundation's tax filings are subject to audit by various taxing authorities. The Foundation's open audit periods are 2008 through 2010. Management evaluated the Foundation's tax positions and concluded that the Foundation had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance.

Independent Auditor's Report on
Other Financial Information Tiger Athletic Foundation
Uniform Affiliation Agreement
with Louisiana State University

To the Executive Committee of the Board of Directors Tiger Athletic Foundation

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on page 41 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report of Independent Accountants on Schedule of Debt Service Coverage Ratio

To the Executive Committee of the Board of Directors Tiger Athletic Foundation

We have reviewed the accompanying *Schedule of Debt Service Coverage Ratio* for the year ended December 31, 2011 of Tiger Athletic Foundation (the Foundation). A review includes primarily applying analytical procedures to management's financial data and making inquires of Company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the *Schedule of Debt Service Coverage Ratio* in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the *Schedule of Debt Service Coverage Ratio*.

The *Schedule of Debt Service Coverage Ratio* is prescribed by the Revenue Bond Resolution relating to the \$90,000,000 Revenue Bonds (Series 2004) reflecting the provisions of resolutions adopted by Tiger Athletic Foundation on March 1, 2004.

Based on our review, we are not aware of any material modification that should be made to the accompanying *Schedule of Debt Service Coverage Ratio* in order for it to be in conformity with accounting principles generally accepted in the United States.

Our review was made for the purpose of expressing a conclusion that there are no material modifications that should be made to the Schedule of Debt Service Coverage Ratio in order of it to be in conformity with accounting principles generally accepted in the United States of America. This report is intended solely for the information and use of the Executive Committee of the Board of Directors, management, and the bond trustee, and is not intended to be and should not be used by anyone other than these specified parties.
