INDEPENDENT AUDITOR'S REPORT

To the Executive Committee of the Board of Directors Tiger Athletic Foundation Baton Rouge, LA

Report on the Financial Statements

We have audited the accompanying financial statements of Tiger Athletic Foundation (a nonprofit organization) which comprise the statement of financial position as of December 31, 2015 and 2014, and the related statements of activities, functional expenses, and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO FINANCIAL STATEMENTS

1. <u>Summary of Significant Accounting Policies</u>

Nature of Activities

Tiger Athletic Foundation (TAF or the Foundation) was organized on May 17, 1983, under the name The LSU Tigers Unlimited Corporation, as a nonprofit corporation under Louisiana R.S. 12:201 (7). The corporation's name was changed to Tiger Athletic Foundation on April 17, 1987.

The Foundation's primary objective is to encourage support and raise funds for the Louisiana State University and Agricultural and Mechanical College (LSU) located in Baton Rouge, Louisiana and its intercollegiate athletic program. Funds attracted by this private, nonprofit corporation are primarily used to defray the cost of scholarships of more than 450 student athletes, to help maintain and improve LSU athletic facilities, and to retire present indebtedness. The Foundation is governed by a board of directors who are elected from the membership.

Although established to support LSU and its athletic program, TAF is separate and distinct from LSU in law and in fact. As a nonprofit corporation established to support a Louisiana public higher education institution and meeting criteria established in Louisiana R.S. 17:3390B(1)-(3), TAF may not be deemed an agent for LSU and TAF funds are considered private. Neither LSU nor the State of Louisiana has any liability for the obligations, whether financial or otherwise, incurred by TAF.

The Foundation is required to comply with the provisions set forth in the Uniform Affiliation Agreement entered into with LSU on July 1, 2009.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, the Foundation considers all unrestricted highly liquid investments with an original maturity of three months or less, and whose use is not limited, to be cash equivalents.

Investments

Marketable securities that have a readily determinable fair value and all investments in debt securities are classified as either held-to-maturity or available-for-sale. The classification of a debt security as held-to-maturity is based on management's positive intent and the Foundation's ability to hold such security to maturity. Securities held to maturity are stated at cost adjusted for amortization of premiums and accretion of discounts in the statement of financial position. Securities classified as available-for-sale are reported at fair value in the statement of financial position and unrealized gains and losses are included in the change in net assets in the statement of activities.

Fair Values of Financial Instruments

The carrying values of the Foundation's financial instruments including current assets and current liabilities approximate fair value.

NOTES TO FINANCIAL STATEMENTS

1. <u>Summary of Significant Accounting Policies</u> (continued)

Fair Values of Financial Instruments (continued)

The Foundation follows the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair market value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities as of the reporting date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, as of the reporting date. Also included in Level 2 are investments measured using a net asset value (NAV) per share or its equivalent that may be redeemed at that NAV at the date of the statement of financial position or in the near term, which is generally considered to be within 90 days.

Level 3 - Valuations based on inputs that are unobservable and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The Foundation's measurements of fair value are made on a recurring basis, and their valuation techniques for assets and liabilities recorded at fair value are as follows:

Investments, available-for-sale - The fair value of equity securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers (Level 1). The fair value of pooled investments is valued at net asset value of the participation units owned by the Foundation. The net asset value is based on the fair value of the underlying investments held by the portfolio fund less its liabilities (Level 2). The fair value of annuity investments is based upon externally developed models that use unobservable inputs due to the limited market activity of the investment (Level 3).

Interest rate swap - The fair value of an interest rate swap is the estimated amount the Foundation would pay to terminate these agreements at the reporting date, taking into account current interest rates and creditworthiness of the counterparty and the Foundation (Level 2).

NOTES TO FINANCIAL STATEMENTS

1. <u>Summary of Significant Accounting Policies</u> (continued)

Fair Values of Financial Instruments (continued)

The preceding methods described may produce a fair value calculation that may not be reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASU 2011-04 amended FASB ASC 820 in that additional disclosures are required about fair value measurements categorized within Level 3 fair value measurements, the valuation processes used by the Foundation, and the Foundation's policy for determining when transfers into or out of Level 3 are deemed to have occurred. See Note 8 for all required disclosures.

Contracts Receivable and Deferred Revenue

Included within the statements of financial position are contracts receivable that represent the Foundation's right to receive cash under contracts with its members in exchange for the members right to purchase tickets for future LSU athletic events, primarily the right to purchase certain "premium seating" football tickets in Tiger Stadium. The Foundation's receivables include contracts for the 2016, 2017, 2018 and 2019 seasons. These receivables result in deferred revenue at December 31st. At December 31, 2015 and 2014, the Foundation's deferred revenue included \$57,509,956 and \$59,085,184 of receivables related to these contracts. The revenue from these contracts will be recognized in the year that the athletic season associated with the ticket(s) is completed. Deferred revenue also included \$12,178,854 and \$14,134,439, as of December 31, 2015 and 2014, respectively, that is related to payments received by the Foundation in advance of the activities associated with those cash receipts having occurred. The amount of the above totals that is specific to those contractual donations for the right to purchase certain "premium seating" football tickets in Tiger Stadium is pledged for the payment of debt service mentioned in Note 7.

Unconditional Promises to Give

Contributions that are expected to be collected within one year are recorded at net realizable value. Contributions that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. Changes to the estimate of the present value of the contributions will be reported in the period the changes are made. The Foundation establishes an allowance for unfulfilled pledges based on a specific analysis of the remaining contribution balance due for contributions that were not made in accordance with the donor's pledged timeline. Decreases in temporarily and permanently restricted contributions because of changes in the amounts of assets expected to be received are recorded as a loss and are reported within expenses on the statement of activities.

Property and Equipment

The purchase of property and equipment is recorded at cost. Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as temporarily or permanently restricted revenue.

NOTES TO FINANCIAL STATEMENTS

1. <u>Summary of Significant Accounting Policies</u> (continued)

Property and Equipment (continued)

It is TAF's policy to capitalize all fixed asset purchases greater than \$1,000. Property and equipment is depreciated using the straight-line method over estimated useful lives of 5 to 50 years.

Construction in progress and other additions are stated at cost and represent costs of construction. During the construction period, interest will be capitalized on all qualifying expenditures.

Assets Held for Donation to LSU

Assets held for donation to LSU consist of various capital projects and athletic facility improvements that, upon completion, will be donated to LSU. These assets are not used in the operations of TAF and are, therefore, not included within property and equipment. At December 31, 2015 and 2014, the balance in this account was comprised entirely of construction in progress on capital projects that are expected to be donated to LSU upon completion.

Impairment of Long-Lived Assets

The Foundation reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. In the event that the undiscounted cash flows resulting from the use of the asset group is less than the carrying amount, an impairment loss equal to the excess of the asset's carrying amount over its fair value is recorded. The Foundation did not record any impairment loss during the years ended December 31, 2015 and 2014.

Other Assets

Other assets include deferred financing costs, associated with the Revenue Bonds Series 2004, which were being amortized over the 30 year life of the bond agreement until the refinance of these bonds in 2015. Amortization of the costs is recorded as a component of interest expense. These costs totaled \$1,193,794 and are presented net of accumulated amortization of \$1,193,794 and \$427,764 as of December 31, 2015 and 2014, respectively.

Other assets also include deferred financing costs, associated with the Revenue Bonds Series 2012, Revenue Bonds Series 2015, and Revenue Bonds Series 2015A, which are being amortized over the respective lives of the bond agreements. Amortization of the costs is recorded as a component of interest expense. These costs totaled \$795,861 and are presented net of accumulated amortization of \$18,302 and \$-0- as of December 31, 2015 and 2014, respectively.

Also included in other assets, is \$4,200,000 of financing costs associated with the construction of Alex Box baseball stadium. These costs are presented net of accumulated amortization of \$968,334 and \$828,334, as of December 31, 2015 and 2014, respectively. These costs will be amortized over the life of the licensing agreement and will be offset by the revenue that the Foundation recognizes from their rights to certain seating in the stadium's suites.

NOTES TO FINANCIAL STATEMENTS

1. <u>Summary of Significant Accounting Policies</u> (continued)

Amounts Held in Custody for Others

The amounts held in custody for others are disclosed in Note 3 and represent the coaches' escrow accounts and affiliated chapters' accounts, which were established as a custodial fund at the request of LSU, accounts held for the LSU Athletics Department, as well as other small miscellaneous agency accounts. The coaches' escrow accounts and affiliated chapters' accounts were created in order for TAF to act as a nonaffiliated party in overseeing the revenue generated by the coaches and affiliated booster club chapters of LSU and to provide institutional control as required by NCAA rules. The amounts held for the LSU Athletic Department are to fund special projects, as needed, and to establish maintenance reserve accounts for newly constructed LSU Athletic Facilities as required by the Board of Regents Policy.

The Foundation has included \$26,192 and \$127,697 of amounts held in custody for others as cash and cash equivalents as of December 31, 2015 and 2014, respectively.

The Foundation has also included \$2,341,855 and \$3,545,095 of amounts held in custody for others as restricted cash within current assets as of December 31, 2015 and 2014, respectively.

Lastly, the Foundation has \$3,498,826 and \$3,493,893 of amounts held in custody for others as restricted investments held-to-maturity as of December 31, 2015 and 2014, respectively. These amounts, in total, are offset by a liability, current and non-current dependent on the maturity date, in the same amount.

Net Assets

The Foundation reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted. Unrestricted net assets include those net assets whose use by the Foundation is not restricted by donors, even though their use may be limited in other respects, such as by contract or board designation. Temporarily restricted net assets are those net assets whose use by the Foundation has been limited by donors (a) to later periods of time or other specific dates, or (b) to specified purposes. Permanently restricted net assets are those net assets received with donor-imposed restrictions limiting the Foundation's use of the asset.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted depending on the existence or nature of any donor restrictions.

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted contributions are recognized as changes in unrestricted net assets.

NOTES TO FINANCIAL STATEMENTS

1. <u>Summary of Significant Accounting Policies</u> (continued)

Investment Income and Gains

Investment income and gains restricted by donors are reported as increases in unrestricted net assets if the restrictions are met (either a stipulated time period ends or a purpose restriction is accomplished) in the reporting period in which the income and gains are recognized.

Donated Services

During the years ended December 31, 2015 and 2014, the value of contributed services meeting the requirements for recognition in the financial statements was not considered material and has not been recorded.

Scoreboards

The Foundation owns scoreboards and related equipment installed at various athletic venues on the LSU campus. Contract revenues associated with these scoreboards are more fully described in Note 12.

Rents - LSU and University Club

In 1999, the Foundation entered into a Bond Purchase Agreement that provided \$43,575,000 in revenue bonds for the purpose of financing or reimbursing a portion of the cost of certain improvements and renovations to the East Side Upper Deck (ESUD) of Tiger Stadium at LSU. The agreement stipulates that LSU shall pay \$2,000,000 to the Foundation as annual rent for the facilities. In 2015, the lease was amended to include the 2015 revenue bonds (See Note 7).

In 2004, the Foundation entered into a Bond Purchase Agreement that provided \$90,000,000 in revenue bonds for the purpose of financing or reimbursing a portion of the cost of certain improvements and renovations to the West Side Upper Deck (WSUD) at LSU's Tiger Stadium, construction of a football operations center and miscellaneous improvements to Tiger Stadium. The agreement stipulates that LSU shall pay \$2,500,000 to the Foundation as annual rent for these facilities. In 2015, the lease was amended to include the 2015A revenue bonds (See Note 7).

In 2012, the Foundation entered into a Bond Purchase Agreement that provided \$75,000,000 in revenue bonds for the purpose of financing or reimbursing a portion of the cost of the construction of the South End Zone (SEZ) at LSU's Tiger Stadium. The Bond Purchase Agreement was amended in 2014 to provide \$70,000,000 in revenue bonds for the same purpose. The Foundation also entered into a \$30,000,000 term loan in 2012, of which a portion was also used for the purpose of financing or reimbursing a portion of the cost of the SEZ. The agreement stipulates that LSU shall pay \$4,000,000 to the Foundation as annual rent for these facilities.

The Foundation maintains a lease and license agreement with The University Club of Baton Rouge, L.L.C., as the tenant of the lease. The Foundation receives monthly payments equal to 6% of the prior month's gross revenues plus an annual fee per member. The University Club serves as the home course for the LSU golf teams and is also used for LSU hosted events.

NOTES TO FINANCIAL STATEMENTS

1. <u>Summary of Significant Accounting Policies</u> (continued)

Functional Expenses

Functional expenses are allocated between program services and supporting activities, which include fundraising, and general and administrative activities. General and administrative expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Foundation.

Advertising

The Foundation's policy is to expense advertising costs as the costs are incurred.

Tax Status

The Foundation is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has been designated as an organization that is not a private foundation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2. Concentration of Credit Risk for Cash Held in Bank

TAF periodically maintains cash in bank accounts in excess of insured limits. The Foundation has not experienced any losses and does not believe that significant credit risk exists as a result of this practice.

3. <u>Restricted Cash and Cash Equivalents</u>

NOTES TO FINANCIAL STATEMENTS

4. <u>Investments</u> (continued)

Available-for-sale investments primarily include investments with the LSU Foundation investment pool, which consists primarily of equity funds, corporate bonds, collateralized mortgage obligations, and government agency securities. All available-for-sale investments are stated at fair value. The LSU Foundation investments are classified as noncurrent due to being restricted as of December 31, 2015 and 2014. The donated equity investments are classified as current since these investments were liquidated upon the first business day of the subsequent year.

7. Bonds and Note Payable (continued)

Revenue Bonds Series 1999 consisted of debt issued by Tiger Athletic Foundation primarily for the purpose of certain improvements and renovations to the East Side Upper Deck of Tiger Stadium at LSU. Revenue derived from donations for the right to purchase certain "premium seating" football tickets in Tiger Stadium is pledged for the payment of the debt service. See Note 1 for more details. Bond indentures contain requirements for annual debt service and flow of funds through various restricted accounts. The bonds carried a floating interest rate, established through weekly remarketing. Effective November 2009, the bonds were reissued as a single fully registered bond without coupons, maturing September 2033. Effective July 2015, the 1999 revenue bonds were refunded into the 2015 revenue bonds discussed below.

The Foundation entered into an interest rate swap agreement with Morgan Stanley Capital Services, Inc. (MSCS), with an expiration date of September 1, 2028, to hedge its interest rate exposure on the Series 1999 revenue bonds. The Foundation accounts for the interest rate swap as a fair value hedge as directed by the FASB ASC 815, *Derivatives and Hedging*. Since the Foundation does not report earnings as a separate caption in a statement of financial performance, both the swap agreement and the hedged item, the Series 1999 Bonds, are accounted for at fair value with the change in fair value reported as a change in net assets.

The interest rate swap agreement covered 100% of the outstanding principal balance over the life of the bonds and effectively fixes the interest rate to the Foundation at 4.01%. The floating rate payor is MSCS and the fixed rate payor is the Foundation. The floating rate is based on the SIFMA Index, formally referred to as the BMA Municipal Swap Index, as defined in the agreement.

In July 2015, the interest rate swap was settled upon refunding the 1999 revenue bonds. The fair market value of the swap agreement and the hedged item at termination was \$5,797,000, generating a termination gain of \$175,716 in 2015, which is presented as a component of other unrestricted revenues on the statements of activities. The fair market value of the swap agreement and the hedged item as of December 31, 2014 was a liability of \$5,972,716, which represents an increase from the prior years of \$1,330,465 in 2014, which is presented as a change of net assets on the statements of activities.

In March 2004, the Foundation issued Revenue Bonds Series 2004 for a principal amount of \$90,000,000. The proceeds of the loan were used to finance or reimburse a portion of the costs of the acquisition and construction of certain improvements and renovations to Tiger Stadium and a football operations center at LSU, including funding the interest and costs associated with the project. The bonds are secured by the pledged revenues on parity with the Series 1999 revenue bonds. The bonds have a floating interest rate based on the SIFMA Index. Annual payments began on September 1, 2005.

On March 15, 2007, an amendment was made to the original loan agreement which waived the principal payment due on September 1, 2007, and extended the payment schedule an additional year, through 2034, with the intent that the 2007 principal payment will be paid on September 1, 2034. Effective November 2009, the bonds were reissued as a single fully registered bond without coupons with a maturity of September 2039. Effective July 2015, the 2004 revenue bonds were partially refunded into the 2015 revenue bonds discussed below. Effective November 2015, the remaining 2004 revenue bonds were refunded into the 2015A revenue bonds discussed below.

NOTES TO FINANCIAL STATEMENTS

7. Bonds and Note Payable (continued)

As described more fully in Note 11, the Foundation committed to expending \$100,000,000 on the financing, design, development, performance and construction of the Facilities/South and Olympic Sports Improvements in accordance with the plans and specifications approved by LSU. In order to finance this commitment, the Foundation initiated two different debt instruments in October 2012.

The Foundation entered into a Bond Purchase Agreement, and a resulting Loan Agreement, so that it could borrow from the proceeds of the sale of Series 2012 Revenue Bonds, an aggregate principal of \$75,000,000. The Bond Purchase Agreement was amended in 2014 to an aggregate principal of \$70,000,000. These bond indentures contain requirements for annual debt service and flow of funds through various restricted accounts. Beginning in 2018, the Foundation must establish a mandatory sinking fund, with annual installments due through 2037. The annual installments range from a low of \$2,762,000 in 2018 to a high of \$4,350,000 in 2037. As security for payments to be made by the Foundation, pursuant to the Loan Agreement, the Foundation has entered into an Act of Assignment of Pledged Revenues and Security Agreement, on parity with the Series 1999 and 2004 revenue bonds. From its origination through December 31, 2015, the Foundation has drawn \$70,000,000 of funds against its aggregate principal. For the period from the loan's closing date in 2012 through, but not including, October 1, 2022, this loan shall bear interest at the Special Bank Variable rate. This variable rate is equal to 65% of the 90 day LIBOR Index rate plus 2.25% or, the higher of 65% of the Federal Funds rate plus 2.625% or 65% of the Prime Rate on the Adjustment Date. At December 31, 2014, the interest rate was 2.403%. The Bond Purchase Agreement was amended in 2015 to state for the period from the amendments closing date in 2015 through, but not including, October 1, 2022, this loan shall bear interest at the Special Bank Variable rate of 65% of the 90 day LIBOR Index rate plus 1.75% or, the higher of 65% of the Federal Funds rate plus 2.625% or 65% of the Prime Rate on the Adjustment Date. At December 31, 2015, the interest rate was 2.142%.

As long as the Series 2012 Revenue Bonds are in the Special Bank Variable rate, the Bonds shall be subject to tender at the election of the Purchaser on the last day of each Special Bank Rate Period (optional Tender Date) upon the Purchaser providing written notice of their election not less than twelve months prior to each Optional Tender Date. During any Special Bank Rate Period, in the event the Purchaser has not elected to tender the Bonds pursuant to the terms of the Indenture, at the option of the Foundation, this Bond will bear interest at the Special Bank Variable Rate or the Special Bank Fixed Rate pursuant to the provisions in the Indenture and Purchase Agreement.

To finance the balance of the commitment, the Foundation issued a non-revolving taxable term loan for a principal amount of \$25,000,000. In 2014, the loan agreement was amended to a principal amount of \$30,000,000. As security for payments to be made by the Foundation, the Foundation has entered into an Act of Assignment of Pledged Revenues and Security Agreement on parity with the Series 1999 and 2004 revenue bonds. From its origination through December 31, 2015, the Foundation has drawn \$30,000,000 of funds provided by this term loan. The term loan will bear interest at an Elective Interest Rate, which was initially set at the 30 day LIBOR Index Rate plus 3.00%. The Foundation has the right to change the Elected Interest Rate to the greater of the New York Prime Rate or the Federal Funds Rate plus 3.50%. The interest rate at December 31, 2015 was 3.244%. The interest rate at December 31, 2014 was 3.155%.

Interest only shall be payable through October 1, 2015. Effective November 1, 2015, the Foundation began paying regular monthly installments of accrued interest, plus monthly installments of principal. This term loan matures no later than October 1, 2025.

7. Bonds and Note Payable (continued)

In July 2015, the Foundation entered into a Bond Purchase Agreement, and a resulting Loan Agreement, so that it could borrow the proceeds of the sale of Series 2015 Revenue Bonds for a principal amount of \$52,000,000. The Series 2015 Revenue Bonds were issued for the purpose of current refunding of all of the Series 1999 Bonds and a portion of the Series 2004 Bonds. The Series 2015 Revenue Bonds are secured by the pledged revenues on parity with the Series 2012 Revenue Bonds. The Bonds bear interest from their date until paid, at the rate of 2.49% per annum payable on the first calendar day of each month, commencing August 1, 2015 and shall mature, unless sooner paid, on September 1, 2028. The Bonds shall be subject to mandatory sinking fund redemption prior to maturity at the principal amount of such Bonds to be redeemed plus accrued interest to the date of redemption without premium on each September 1, beginning September 1, 2016 through September 1, 2028.

In November 2015, the Foundation entered into a Bond Purchase Agreement, and a resulting Loan Agreement, so that it could borrow, from the proceeds of the sale of Series 2015A Revenue Bonds for a principal amount of \$53,045,000. The Series 2015A Revenue Bonds were issued for the purpose of current refunding all of the outstanding Series 2004 Bonds. The Series 2015A Revenue Bonds are secured by the pledged revenues on parity with the Series 2012 revenue bonds. The Bonds bear interest from their date until paid, at a rate of 2.416% per annum payable on the first business day of each month, commencing December 1, 2015 and shall mature, unless sooner paid, on September 2, 2039. The Bonds shall be subject to mandatory sinking fund redemption prior to maturity at the principal amount of such Bonds to be redeemed plus accrued interest to the date of redemption without premium on each September 1, beginning September 1, 2016 through September 2, 2039. The Purchaser of the Bonds has the right to tender the Bonds to the Foundation for purchase on November 1, 2022 (Put Date), pursuant to the Bond Purchase Agreement. In the event the Bonds are not remarketed by the Foundation by the Put Date, the Bonds will be retained by the Purchaser for a period of one year following the Put Date (the Special Holding Period). At the end of the Special Holding Period, the outstanding principal of the Bonds, together with accrued interest, shall become due and payable in full by the Foundation.

Under the provisions of the above revenue bond agreements, the Foundation is required to maintain a minimum debt service coverage ratio. The Foundation was in compliance with its debt service coverage calculation loan covenant at December 31, 2015 and 2014.

The scheduled maturities of the debt outstanding at December 31, 2015 are as follows:

| | Bonds and Payab | - |

NOTES TO FINANCIAL STATEMENTS

7. Bonds and Note Payable (continued)

The Revenue Bonds Series 1999 and Series 2004 were subject to a remarketing agreement whereby the Foundation obtained a remarketing agent which shall offer for sale and use its best efforts to find purchasers for all bonds or portions thereof for which notice of tender has been received at a price equal to the principal amount thereof plus accrued interest to the purchase date. To provide for the payment of the bonds, in the event a purchaser is not found for the full amount of the outstanding bonds or default, the Foundation entered into letter of credit agreements with Capital One which is confirmed by a Federal Home Loan Bank Letter of Credit. Annual fees for the letter of credit were 200 bps per annum payable annually in advance for the underlying Letter of Credit.

The Federal Home Loan Bank, in turn, charged approximately 20 bps for the confirmation which was passed on to the Foundation. Risk participations were sold to the participant banks for 190 bps with the difference accruing to Capital One. In conjunction with the 2015 revenue bonds mentioned above, the letters of credit were terminated in 2015. There were no outstanding amounts under the letter of credit at December 31, 2015 and 2014.

As mentioned above, the outstanding debt of the Foundation is secured by the assignment and pledge of revenues derived from donations for the right to purchase certain football tickets in Tiger Stadium. As mentioned in Note 1, while established to support LSU and its athletic program, the Foundation is separate and distinct from LSU in law and in fact. As a nonprofit corporation established to support a Louisiana public higher education institution and meeting criteria established in Louisiana R.S. 17:3390B(1)-(3), the Foundation may not be deemed an agent for LSU and the Foundation's funds are considered private. Neither LSU nor the State of Louisiana has any liability for the obligations, whether financial or otherwise, incurred by the Foundation, including the above mentioned debt.

8. Fair Value Measurements

In such instances, the transfer is reported at the beginning of the reporting period. As presented in the tables above, there were no transfers in or out of Level 3 for the years ended December 31, 2015 and 2014.

Fair Value of Investments that Calculate Net Asset Value per Share

NOTES TO FINANCIAL STATEMENTS

10. Endowment Composition

The Foundation follows the Uniform Prudent Management of Institutional Funds Act (UPMIFA), the provisions of which apply to endowment funds existing on or established after that date. The Board of Directors has determined that the majority of the Foundation's permanently restricted net assets meet the definition of endowment funds under UPMIFA.

The Foundation's endowment includes donor-restricted funds established for a variety of purposes. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Foundation have interpreted the State of Louisiana's UPMIFA as requiring the preservation of the fair value of the original gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed in UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donorrestricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation, and (7) the Foundation's investment policies.

Endowment Investment and Spending Policies - The Foundation's investment policy is that all endowed funds will be maintained and managed by LSU Foundation within their investment pool and in accordance with their investment policies. LSU Foundation has established prudent investment and spending policies with the objective of maintaining the purchase power of its endowed assets in perpetuity and to provide a stable level of support to the beneficiaries. To achieve this objective, the LSU Foundation's asset allocation strategy is reviewed periodically and adjusted to target a total return that covers inflation, administrative expenses, and spending allocations, while minimizing volatility. The Foundation, in the absence of specific donor intent and through its acceptance of the LSU Foundation investment policies, reinvests the first 5% of investment return into the donor's endowment. Only that portion of investment return that exceeds 5% is deemed eligible for expenditure through appropriation.

NOTES TO FINANCIAL STATEMENTS

11. Commitments and Contingencies

The Foundation is subject to certain legal proceedings and claims that arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position of the Foundation.

As mentioned in Note 7, the Foundation entered into a Cooperative Endeavor and Lease Agreement (Cooperative Endeavor) with the Board of Supervisors of LSU. The Agreement stipulates that the Foundation will lease from LSU certain land (Ground Lease) and existing improvements thereon (Facilities Lease) in order to provide necessary, new, expanded and renovated Facilities/South, South End Zone Scoreboards and Olympic Sports Improvements, all as defined, for LSU. The Foundation entered into the Cooperative Endeavor for the purpose of, and shall have the continuing obligation of, developing and constructing the Facilities/South and South End Zone Scoreboards in accordance with plans and specifications approved by LSU, and shall ensure the maintenance, operation, management and replacement of the Facilities/South and South End Zone Scoreboards. The Foundation shall expend a total amount, including for both hard and soft costs, of \$100,000,000 for the financing, design, development, performance and construction of the Facilities/South and Olympic Sports Improvements in accordance with the plans and specifications approved by LSU. The expenditures necessary for the South End Zone Scoreboards will be outside of and in addition to the \$100,000,000. As of December 31, 2015, the Foundation has not fully fulfilled this commitment.

The term of the Ground Lease between LSU and the Foundation is fifty years; however, it will terminate, together with the Cooperative Endeavor, when, and if, the Facilities/South is donated by the Foundation to LSU. The Facilities Lease is scheduled to terminate June 30, 2049; however, LSU may terminate the lease at any time after the Bonds, referred to in Note 7, and are paid in full or legally defeased. The Foundation is committed to an annual rent of \$25,000 for the land.

12. Scoreboard Sponsorships

In 1999, the Foundation entered into a Cooperative Endeavor Agreement with LSU that obligated the Foundation to acquire, construct, and maintain new scoreboards in LSU athletic venues at a total cost of approximately \$5.2 million. In return for its fulfillment of this obligation, the Foundation was given an eight year license to solicit certain qualified corporate sponsorship contracts. In connection with its issuance of the Series 2004 Revenue Bonds, LSU extended the Foundation's rights to solicit qualified corporate sponsorship contracts for a period of approximately 35 years. Effective July 1, 2005, the Foundation, with approval of LSU, entered into a ten year lease agreement with Viacom Outdoor Advertising, Inc., d/b/a LSU Sports Properties, whereby the Foundation leased its rights to the scoreboards to Viacom in return for an annual guaranteed rental payment. In November 2010, the lease agreement was amended extending the term for a period of one year through June 30, 2016, and increasing the compensation paid to the Foundation by \$500,000. Additionally, the amendment required the Foundation to expend an additional \$3-5 million over the next three years to construct, install, upgrade, maintain, service and replace scoreboards. This commitment was made by the Foundation in 2014. The revenue received and recognized by the Foundation was \$2,125,000 and \$2,100,000 for the years ended December 31, 2015 and 2014, respectively.

NOTES TO FINANCIAL STATEMENTS

13. <u>Retirement Savings Plan</u>

The Foundation established a 401(k) plan (the Plan) effective February 1, 2002, to replace an existing Section 403(b) tax shelter annuity plan. The Plan covers all employees who complete applications to participate in the Plan and agree to the terms of the Plan. The Foundation amended and restated the Plan effective April 22, 2010 and September 16, 2010.

Under the Plan, the Foundation will make matching contributions in an amount equal to the sum of 100% of the participants' elective deferrals that do not exceed 6% of the participants' compensation as an Employer Safe Harbor Matching Contribution. In addition, the Foundation shall contribute an amount equal to the sum of 1.5% of the participants' annual compensation as an Employer Discretionary Contribution. Employees are vested in the Employer Safe Harbor Matching Contributions at a rate of 100%, and are vested in the Employer Discretionary Contribution at a rate of 20% per year after reaching one year of service, as defined.

The Foundation made matching contributions of approximately \$203,000 and \$201,000, for the years ended December 31, 2015 and 2014, respectively.

14. <u>Uncertain Tax Position</u>

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by an entity in its tax returns that might be uncertain. The Foundation believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Penalties and interest assessed by income taxing authorities, if any, would be included in operating expenses.

15. <u>Subsequent Events</u>

Management has evaluated subsequent events through the date that the financial statements were available to be issued March 16, 2016, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
